Trailer Sponsorship Program Fall 2007 through Spring 2009

Fort Bend's newest high school, William B. Travis opened it's doors in the fall of 2006. The Travis Band and Belles Dance Team recently placed 1st in the Bands of America Houston Regional competition becoming the BOA Class 2A Regional Championship Band.

The Travis Tiger Band strives to be among the top programs in the nation. With over 110 student members, our program fosters the development of discipline, responsibility and community pride. We are the proud recipients of the donation of a 48' trailer, which is being customized for the Travis Tiger Band by parents and community volunteers. It will be used to transport our instruments and uniforms to football games and competitions. In addition to being a highly visible symbol of community pride in the Pecan Grove, Waterside, New Territory and Sugar Land areas, this trailer will travel to competitions throughout the state.

We are offering sponsorships to community partners, which will allow us to build-out and maintain this trailer. In return for your tax deductible donation, we have developed a sponsorship package that is product category exclusive, tax deductible, and will become a highly visible demonstration of your support of this community project. Your gift will also be acknowledged by over 300 people, adults and students, connected with the band, resulting in name recognition with student consumers, grateful parents and school district personnel that do business in this community.

Gold and Silver Sponsorships are business category exclusive and displayed on both sides of the trailer. All sponsorships are for a two year term.
